This Month: Palau

Terry Spennetta, "Mr. Breezeway Bubbles" will present his travels to Palau.

Thank You Again Tami

Tami Thomsen of Diversions showed a very professionally done video of a cave mapping effort in Dickson, MO. It is hoped that this documentary of four expeditions at Boiling Spring Campground will appear on Minnesota Public Television sometime in the future as part of the "Adventures in the Midwest" series. The video team accompanied the divers on their trips into the cave and included some compelling interviews of the personalities involved. Very well done and a delight for the club.
